ITEM NO.	DESCRIPTION OF SUPPLIES/SERVICES	QUANTITY	UNIT OF ISSUE	UNIT PRICE	EXTENDED AMOUNT
1.	Perkin-Elmer Instruments (formerly VIVID Technologies) 426-4K Model VIS Advanced X-ray Detection System in accordance with the specifications in Section C.	2	Each	\$_____	\$_____
2.	Installation and Set-up of both Model 426-4K X-ray Detection Systems.	1	Job	\$_____	\$_____

**SECTION C - DESCRIPTION/SPECIFICATIONS/WORK STATEMENT****C.1 BACKGROUND**

The United States Department of Agriculture (USDA), Animal and Plant Health Inspection Service (APHIS), Plant Protection and Quarantine (PPQ) at John F. Kennedy International Airport (JFKIA), Jamaica, New York requires two (2) Model VIS-M PerkinElmer advanced x-ray detection systems.

Terminal 4, the International Air Terminal at JFKIA has been replaced by a new facility scheduled to open May 8, 2001. Existing x-ray systems at Terminal 4 does not incorporate the use of x-ray baggage screening equipment with computer program logic control (PLC) features that allow for integration with baggage handling conveyor systems. The ability to integrate x-ray detection equipment with a baggage handling system, permits the automated tracking, handling and diversion of target baggage for hand inspection. The current x-ray systems at JFKIA is a slow and difficult process. It requires employees to visually track, push, and pull baggage by hand across roller and ball transfer tables to divert suspect baggage to secondary inspection tables for examination.

The Model VIS-M advanced x-ray detection systems shall be integrated with existing baggage control systems located in the PPQ section of the Federal Inspection Service Area of the International Air Terminal LLC (JFKIAT). PPQ Officers will utilize the advanced x-ray detection technology along with an electronic bag tracking and conveyor system, to interrogate international arriving passenger baggage, and divert suspect target bags for secondary hand inspection. These systems shall incorporate computerized advanced x-ray detection equipment, baggage control systems, and various motorized baggage conveying devices to eliminate the need to visually track and physically manipulate passenger baggage while conducting x-ray screening.

During negotiations with JFKIAT authorities, PPQ agreed to purchase and install the x-ray detection systems and JFKIAT agreed to purchase and install the automated baggage control systems. JFKIAT purchased two (2) automated baggage control systems from Rapistan Systems of Irving, Texas, and is awaiting PPQ's purchase and installation of x-ray detection systems to complete the project. The Model VIS-M advanced x-ray detection system is the only system that can be integrated with the Rapistan baggage control systems.

**C.2 SCOPE OF WORK**

APHIS intends to award a firm, fixed-price contract with PerkinElmer Instruments, for two (2) Model VIS-M x-ray detection systems complete with four (4) operator work stations (2 for each system), installation, technical support, training, and training material for each end user.

**C.3 TECHNICAL REQUIREMENTS**

Based on the objectives stated above, the Model VIS-M X-ray

**C.3 (Continued)**

Detection system shall adapt to, and be compatible with, the Baggage Control System purchased by JFKIAT from Rapistan systems.

The Contractor shall provide software and hardware that will enable the use of x-ray detection platform to screen and detect agricultural products contained within arriving international passenger baggage at Terminal 4. The Contractor shall integrate the VIS-M x-ray detection platform with the Terminal 4 "stand alone" baggage control system for use in automating the baggage handling process during PPQ secondary x- ray baggage inspections. This integration shall complete a "turn key" system approach to interrogating international arriving passenger baggage. This will allow for the System Operator to identify suspect bags thought to contain agriculture products, and to push either a baggage clear or reject button to identify and divert suspect target bags for secondary hand inspection, or allow non-target bags to proceed to a down slide for baggage reclaim by the passenger.

The Contractor shall unpack, set-up, install, test and certify the VIS- M x-ray detection systems, and provide complete technical support to the Terminal 4 Project Manager and Rapistan Systems Project Manager to insure satisfactory operation of the systems in the new facility by May 1, 2001. The Contractor shall provide training to all PPQ and JFKIAT end users prior to May 8, 2001, when the new facility is scheduled to open.

**SECTION D - PACKAGING AND MARKING**

**D.1 AGAR 452.247-71 MARKING DELIVERABLES (FEB 1988)**

- (b) Attention is directed to the Contract Award provision of the solicitation that provides that a written award or acceptance of offer mailed, or otherwise furnished to the successful offeror, results in a binding contract. The Government will mail or otherwise furnish to the offeror an award or notice of award not later than the day award is dated. Therefore, the offeror should compute the time available for performance beginning with the actual date of award, rather than the date the written notice of award is received from the Contracting Officer through the ordinary mails. However, the Government will evaluate an offer that proposes delivery based on the Contractor's date of receipt of the contract or notice of award by adding (1) five calendar days for delivery of the award through the ordinary mails, or (2) one working day if the solicitation states that the contract or notice of award will be transmitted electronically. (The term "working day" excludes weekends and U.S. Federal holidays.) If, as so computed, the offered delivery date is later than the required delivery date, the offer will be considered nonresponsive and rejected.

**I.4 52.232-34 PAYMENT BY ELECTRONIC FUNDS TRANSFER--  
OTHER THAN CENTRAL CONTRACTOR REGISTRATION (MAY 1999)****(a) Method of payment.**

- (1) All payments by the Government under this contract shall be made by electronic funds transfer (EFT) except as provided in paragraph (a)(2) of this clause. As used in this clause, the term "EFT" refers to the funds transfer and may also include the payment information transfer.
- (2) In the event the Government is unable to release one or more payments by EFT, the Contractor agrees to either--
  - (i) Accept payment by check or some other mutually agreeable method of payment; or
  - (ii) Request the Government to extend payment due dates until such time as the Government makes payment by EFT (but see paragraph (d) of this clause).

**(b) Mandatory submission of Contractor's EFT information.**

- (1) The Contractor is required to provide the Government with the information required to make payment by EFT (see paragraph (j) of this clause). The Contractor shall provide this information directly to the office designated in this contract to receive that information (hereafter: "designated office") no later than 15 days prior to submission of the first request for payment. If not otherwise specified in this contract, the payment office is the designated office for receipt of the Contractor's EFT information. If more than one designated office is named for the contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the updated information to the designated office(s).
- (2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the designated office. However, EFT information supplied to a designated office shall be applicable only to contracts that identify that designated office as the office to receive EFT information for that contract.

**(c) Mechanisms for EFT payment.** The Government may make

**I.4 (Continued)**

payment by EFT through either the Automated Clearing House (ACH) network, subject to the rules of the National Automated Clearing House Association, or the Fedwire Transfer System. The rules governing Federal payments through the ACH are contained in 31 CFR part 210.

- (d) Suspension of payment. (1) The Government is not required to make any payment under this contract until after receipt, by the designated office, of the correct EFT payment information from the Contractor. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a proper invoice for the purpose of prompt payment under this contract. The prompt payment terms of the contract regarding notice of an improper invoice and delays in accrual of interest penalties apply.
  - (2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than 30 days after its receipt by the designated office to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the updated EFT information is implemented by the payment office. If such suspension would result in a late payment under the prompt payment terms of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.
- (e) Liability for uncompleted or erroneous transfers. (1) If an uncompleted or erroneous transfer occurs because the Government used the Contractor's EFT information incorrectly, the Government remains responsible for--
  - (i) Making a correct payment;
  - (ii) Paying any prompt payment penalty due; and
  - (iii) Recovering any erroneously directed funds.
  - (2) If an uncompleted or erroneous transfer occurs because the Contractor's EFT information was incorrect, or was revised within 30 days of Government release of the EFT payment transaction instruction to the Federal Reserve System, and--
    - (i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously directed funds; or
    - (ii) If the funds remain under the control of the payment office, the Government shall not make payment and the provisions of paragraph (d) shall apply.
- (f) EFT and prompt payment. A payment shall be deemed to have been made in a timely manner in accordance with the prompt

**I.4 (Continued)**

payment terms of this contract if, in the EFT payment transaction instruction released to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

- (g) EFT and assignment of claims. If the Contractor assigns the proceeds of this contract as provided for in the assignment of claims terms of this contract, the Contractor shall require as a condition of any such assignment, that the assignee shall provide the EFT information required by paragraph (j) of this clause to the designated office, and shall be paid by EFT in accordance with the terms of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. EFT information that shows the ultimate recipient of the transfer to be other than the Contractor, in the absence of a proper assignment of claims acceptable to the Government, is incorrect EFT information within the meaning of paragraph (d) of this clause.
- (h) Liability for change of EFT information by financial agent. The Government is not liable for errors resulting from changes to EFT information provided by the Contractor's financial agent.
- (i) Payment information. The payment or disbursing office shall forward to the Contractor available payment information that is suitable for transmission as of the date of release of the EFT instruction to the Federal Reserve System. The Government may request the Contractor to designate a desired format and method(s) for delivery of payment information from a list of formats and methods the payment office is capable of executing. However, the Government does not guarantee that any particular format or method of delivery is available at any particular payment office and retains the latitude to use the format and delivery method most convenient to the Government. If the Government makes payment by check in accordance with paragraph (a) of this clause, the Government shall mail the payment information to the remittance address in the contract.
- (j) EFT information. The Contractor shall provide the following information to the designated office. The Contractor may supply this data for this or multiple contracts (see paragraph (b) of this clause). The Contractor shall designate a single financial agent per contract capable of receiving and processing the EFT information using the EFT methods described in paragraph (c) of this clause.

  - (iv) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
  - (v) Proposals may be withdrawn by written notice received at any time before award. Oral proposals in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile proposals, proposals may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the provision at 52.215-5, Facsimile Proposals. Proposals may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the proposal before award.
- (4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.
  - (5) Offerors shall submit proposals in response to this solicitation in English, unless otherwise permitted by the solicitation, and in U.S. dollars, unless the provision at FAR 52.225-17, Evaluation of Foreign Currency Offers, is included in the solicitation.

**L.3 (Continued)**

- (6) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.
  - (7) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.
  - (8) Proposals may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the Contracting Officer.
- (d) Offer expiration date. Proposals in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the offeror).
- (e) Restriction on disclosure and use of data. Offerors that include in their proposals data that they do not want disclosed to the public for any purpose, or used by the Government except for evaluation purposes, shall--
- (1) Mark the title page with the following legend:

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed--in whole or in part--for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of--or in connection with--the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets **[insert numbers or other identification of sheets]**; and
  - (2) Mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.
- (f) Contract award.
- (1) The Government intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.
  - (2) The Government may reject any or all proposals if such action is in the Government's interest.

**L.3 (Continued)**

- (3) The Government may waive informalities and minor irregularities in proposals received.
- (4) The Government intends to evaluate proposals and award a contract after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint.
- (5) The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal.
- (6) The Government reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the Government's best interest to do so.
- (7) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.
- (8) The Government may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.
- (9) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.
- (10) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.
- (11) The Government may disclose the following information in postaward debriefings to other offerors:
  - (i) The overall evaluated cost or price and technical rating of the successful offeror;

**L.3 (Continued)**

- (ii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection;
- (iii) A summary of the rationale for award; and
- (iv) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.

**L.4 52.215-20 REQUIREMENTS FOR COST OR PRICING DATA OR INFORMATION OTHER THAN COST OR PRICING DATA (OCT 1997) ALTERNATE I (OCT 1997)**

- (a) Exceptions from cost or pricing data. (1) In lieu of submitting cost or pricing data, offerors may submit a written request for exception by submitting the information described in the following subparagraphs. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.
  - (i) Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.
  - (ii) Commercial item exception. For a commercial item exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include--
    - (A) For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities;
    - (B) For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market;

**L.4 (Continued)**

- (C) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.
- (2) The offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the offeror's determination of the prices to be offered in the catalog or marketplace.
- (b) Requirements for cost or pricing data. If the offeror is not granted an exception from the requirement to submit cost or pricing data, the following applies:
  - (1) The offeror shall submit cost or pricing data and supporting attachments in the following format:
  - (2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

**L.5 52.216-1 TYPE OF CONTRACT (APR 1984)**

The Government contemplates award of a firm-fixed price contract resulting from this solicitation.

**L.7 AGAR 452.204-70 INQUIRIES (FEB 1988)**

**L.8 AGAR 452.215-72 AMENDMENTS TO PROPOSALS (FEB 1988)**

Any changes to a proposal made by the offeror after its initial submittal shall be accomplished by replacement pages. Changes from the original page shall be indicated on the outside margin by vertical lines adjacent to the change. The offeror shall include the date of the amendment on the lower right corner of the changed pages.

**L.9 AGAR 452.219-70 SIZE STANDARD AND NAICS CODE INFORMATION (NOV 1996) (AGAR DEVIATION)**

# FEDERAL CONTRACTOR VETERANS' EMPLOYMENT REPORT (VETS-100)

## WHO MUST FILE

The Vets-100 report is to be completed by all nonexempt federal contractors and subcontractors with contracts or subcontracts for the furnishing of supplies and services or the use of real or personal property for \$25,000 or more. Services include but are not limited to the following services: Utility, construction, transportation, research, insurance, and fund depository, irrespective of whether the government is the purchaser or seller. The existence of \$25,000 or more in federal contracts or subcontracts during a given calendar year establishes the requirement to file a VETS-100 Report during the following calendar year.

## WHEN TO FILE

This annual report must be filed no later than September 30. Mail to the address pre-printed on the front of the form.

## LEGAL BASIS FOR REPORTING REQUIREMENTS

Title 38, United States Code, Section 4212(d) and PL 105-339, require that federal contractors report at least annually the numbers of: 1) special disabled veterans, 2) veterans of the Vietnam era, and 3) other veterans who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized who are in their workforce. Reporting is required by hiring location and includes both the number employed and the number of new hires, within the three categories listed above. The number of veterans employed within these categories is to be broken out by job category and maximum and minimum total employment is to be reported as well.

## HOW TO SUBMIT THE VETS-100 REPORTS

Single-establishment employers must file one completed form. All multi-establishment employers, i.e., those doing business at more than one hiring location, must file (A) one form covering the principal or headquarters office; (B) a separate form for each hiring location employing 50 or more persons; and (C) EITHER, (i) a separate form for each hiring location employing fewer than 50 persons, OR (ii) consolidated reports that cover hiring locations within one State that have fewer than 50 employees. Each state consolidated report must also list the name and address of the hiring locations covered by the report. Company consolidated reports such as those required by EEO-1 reporting procedures are NOT required for the VETS-100 report. Completed reports for the headquarters location and all other hiring locations for each company should be mailed in one package to the address indicated on the front of the form.

## RECORD KEEPING

Employers must keep copies of the completed annual VETS-100 report submitted to DOL for a period of two years.

## HOW TO PREPARE THE FORMS

As VETS only sends one copy of the VETS-100 Reporting form to each headquarters location, multi-establishment employers submitting hard copy reports should produce facsimile copies of the headquarters form for reporting data on each location.

**Type of Contractor** Indicate the type of contractual relationship (prime contractor or subcontractor) that the organization has with the Federal Government. If the organization serves as both a prime contractor and a subcontractor on various federal contracts, check both boxes.

**Type of Form** If a reporting organization submits only one VETS-100 Report form for a single location, check the Single Establishment box. If the reporting organization submits more than one form, only one form should be checked as Multiple Establishment-Headquarters. The remaining forms should be checked as either Multiple Establishment-Hiring Location or Multiple Establishment-State Consolidated. For state consolidated forms, the number of hiring locations included in that report should be entered in the space provided. For each form, only one box should be checked within this block.

## COMPANY IDENTIFICATION INFORMATION

**Company Number** Do not change the Company Number that is printed on the form. If there are any questions regarding your Company Number, please call the VETS-100 staff at (703) 461-2460 or e-mail [HELPDESK@VETS100.COM](mailto:HELPDESK@VETS100.COM).

**Twelve Month Period Ending** Enter the end date for the twelve month reporting period used as the basis for filing the VETS-100 Report. To determine this period, select a date in the current year between July 1 and August 31 that represents the end of a payroll period. That payroll period will be the basis for reporting Number of Employees, as described below. Then the twelve month period preceding the end date of that payroll period will be your twelve month period covered. This period is the basis for reporting New Hires, as described below. Any federal contractor or subcontractor who has written approval from the Equal Employment Opportunity Commission to use December 31 as the ending date for the EEO-1 Report may also use that date as the ending date for the payroll period selected for the VETS-100 Report.

**Name and Address for Single Establishment Employers** COMPLETE the identifying information under the Parent Company name and address section. LEAVE BLANK all of the identifying information for the Hiring Location.

**Name and Address for Multi Establishment Employers** For parent company headquarters location, COMPLETE the name and address for the parent company headquarters, LEAVE BLANK the name and address of the Hiring Location. For hiring locations of a parent company, COMPLETE the name and address for the Parent Company location, COMPLETE the name and address for the Hiring Location.

**SIC Code, DUNS Number, and Employer ID Number** Single Establishment and Multi Establishment Employers should COMPLETE the SIC Code, DUNS Number, and Employer ID Number as described below.

**SIC Code** Enter the four (4) digit SIC Code applicable to the hiring location for which the report is filed. If there is not a separate SIC Code for the hiring location, enter the SIC Code for the parent company.

**Dun and Bradstreet I.D. Number (DUNS)** If the company or any of its establishments has a Dun and Bradstreet Identification Number, please enter the nine (9) digit number in the space provided. If there is a specific DUNS Number applicable to the hiring location for which the report is filed, enter that DUNS Number. Otherwise, enter the DUNS number for the parent company.

**Employer I.D. Number (EIN)** Enter the nine (9) digit numbers assigned by the I.R.S. to the contractor. If there is a specific EIN applicable to the hiring location for which the report is filed, enter that EIN. Otherwise, enter the EIN for the parent company.

Do not include employees specifically excluded as indicated in 41 CFR 61-250.2(b)(2). Employees must be counted by veteran status for each of the nine occupational categories (Lines 1-9) in columns L and M. Blank spaces will be considered zeros.

**New Hires** Report the number of regular full-time and part-time employees by veteran status who were hired (both veterans and non-veterans) and who were included in the payroll for the first time during the 12-month period ending between July 1 through August 31 of the current year. 4. This report is required for each contract containing a subcontracting plan and must be submitted to the administrative contracting officer (ACO) or contracting officer if no ACO is assigned, semi-annually during contract performance for the periods ended March 31st and September 30th. A separate report is required for each contract at contract completion. Reports are due 30 days after the close of each reporting period unless otherwise directed by the contracting officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or since the previous report.
5. Only subcontracts involving performance within the U.S., its possessions, Puerto Rico, and the Trust Territory of the Pacific Islands should be included in this report.
6. Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.
7. Subcontract award data reported on this form by prime contractors/subcontractors shall be limited to awards made to their immediate subcontractors. Credit cannot be taken for awards made to lower tier subcontractors.

## SPECIFIC INSTRUCTIONS

**BLOCK 2:** For the Contractor Identification Number, enter the nine-digit Data Universal Numbering System (DUNS) number that identifies the specific contractor establishment. If there is no DUNS number available that identifies the exact name and address entered in Block 1, contact Dun and Bradstreet Information Services at 1-800-333-0505 to get one free of charge over the telephone. Be prepared to provide the following information: (1) Company name; (2) Company address; (3) Company telephone number; (4) Line of business; (5) Chief executive officer/key manager; (6) Date the company was started; (7) Number of people employed by the company; and; (8) Company affiliation.

**BLOCK 4:** Check only one. Note that all subcontract award data reported on this form represents activity since the inception of the contract through the date indicated in this block.

**BLOCK 5:** Check whether this report is a "Regular," "Final," and/or "Revised" report. A "Final" report should be checked only if the contractor has completed the contract or subcontract reported in Block 7. A "Revised" report is a change to a report previously submitted for the same period.

**BLOCK 6:** Identify the department or agency administering the majority of subcontracting plans.

**BLOCK 7:** Indicate whether the reporting contractor is submitting this report as a prime contractor or subcontractor and the prime contract or subcontract number.

**BLOCK 8:** Enter the name and address of the Federal department or agency awarding the contract or the prime contractor awarding the subcontract.

**BLOCK 9:** Check the appropriate block to indicate whether indirect costs are included in the dollar amounts in blocks 10a through 14. To ensure comparability between the goal and actual columns, the contractor may include indirect costs in the actual column only if the subcontracting plan included indirect costs in the goal.

**BLOCKS 10a through 15:** Under "Current Goal," enter the dollar and percent goals in each category (SB, SDB, WOSB, VOSB, and HUBZone SB) from the subcontracting plan approved for this contract. (If the original goals agreed upon at contract award have been revised as a result of contract modifications, enter the original goals in Block 16. The amounts entered in Blocks 10a through 15 should reflect the revised goals.) Under "Actual Cumulative," enter actual subcontract achievements (dollar and percent) from the inception of the contract through the date of the report shown in Block 4. In cases where indirect costs are included, the amounts should include both direct awards and an appropriate prorated portion of indirect awards.

**BLOCK 10a:** Report all subcontracts awarded to SBs including subcontracts to SDBs, WOSBs, VOSBs and HUBZone SBs. For DOD, NASA, and Coast Guard contracts, include subcontracting awards to HBCUs and MIs.

**BLOCK 10b:** Report all subcontracts awarded to large businesses (LBs).

**BLOCK 10c:** Report on this line the total of all subcontracts awarded under this contract (the sum of lines 10a and 10b).

**BLOCKS 11 through 15:** Each of these items is a subcategory of Block 10a. Note that in some cases the same dollars may be reported in more than one block (e. g., SDBs owned by women or veterans).

**BLOCK 11:** Report all subcontracts awarded to SDBs (including women-owned, veteran-owned, and HUBZone SB SDBs). For DOD, NASA, and Coast Guard contracts, include subcontract awards to HBCUs and MIs.

**BLOCK 12:** Report all subcontracts awarded to Women-Owned firms (including SDBs, VOSB's, and HUBZone SBs owned by women).

**BLOCK 13** [For contracts with DoD, NASA, and Coast Guard]: Report all subcontracts with HBCUs/MIs. Complete the column under "Current Goal" only when the subcontracting plan establishes a goal.

**BLOCK 14:** Report all subcontracts awarded to HUBZone SBs (including women-owned, veteran-owned, and SDB HUBZone SBs).

**BLOCK 15:** Report all subcontracts awarded to VOSBs including Service-Disabled VOSBs (include VOSBs that are also SDBs, WOSBs and HUBZone SBs.).

**BLOCK 16:** Enter a short narrative explanation if (a) SB, SDB, WOSB, VOSBs, or HUBZone SB accomplishments fall below that which would be expected using a straight-line projection of goals through the period of contract performance; or (b) if this is a final report, any one of the three goals was not met.

Reports are due 30 days after the close of each reporting period.
4. This report may be submitted on a corporate, company, or subdivision (e.g., plant or division operating on a separate profit center) basis, unless otherwise directed by the agency awarding the contract.
5. If a prime contractor/subcontractor is performing work for more than one federal agency, a separate report shall be submitted to each agency covering only that agency's contracts, provided at least one of that agency's contracts is over \$500,000 (over \$1,000,000 for construction of a public facility) and contains a subcontracting plan. (Note that DOD is considered to be a single agency; see next instruction.)
6. For DOD, a consolidated report should be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DOD prime contractors. However, DOD contractors involved in construction and related maintenance and repair must submit a separate report for each DOD component.
7. Only subcontracts involving performance within the U.S., its possessions, Puerto Rico, and the Trust Territory of the Pacific Islands should be included in this report.
8. Purchases from a corporation, company, or subdivision that is an affiliate of the prime/subcontractor are not included in this report.

10. See special instructions in right-hand column for Commercial Plans.
